Daily Repair & Protect

Indulge in the **luxury** of salon professional products in the comfort of your own home with the SkinBase Essentials product range.

Elevate your morning ritual with the Daily Repair and Protect cream, and start your day with a boost of that 'just left the salon' **confidence**.

Formulated with a nourishing blend of skin identical ingredients, you can restore your skin's natural **radiance** in one effortless step.

Believe in Better Skin

Believe in the power of vitamins, natural moisturising factors and UV filters to provide optimal hydration and superior UV and pollution protection for your skin.

Invigorate Your Senses

The lightweight, non-greasy texture glides across your complexion, quickly absorbing for a silky smooth feel.

Enhance Your Routine

With gentle ingredients and no white cast, the Daily Repair and Protect cream is perfect for anyone who wishes to hydrate, nourish and protect their skin.

10 Main Benefits

5 Key Ingredients

Rice Oil

Vitamin E + C

Hyaluronic Acid

UV Filters

Key Ingredient:
Hyaluronic Acid

Hydrates, Fortifies
& Heals

Humectant

Pulls water from the environment, holding 1000x its own weight, then releases it into the skin.

Fortifies Skin Barrier

Enhances hydration and moisture levels of the skin, fortifying the skin barrier to maintain a glow.

Antioxidant

Prevents and counteracts skin damage caused by free radicals, such as UV rays & pollution.

Structural Component

Helps to maintain structural integrity by supporting the 'scaffolding' of the skin.

Key Ingredient:

Vitamin C

**Brightens, Firms,
Hydrates & Repairs**

Antioxidant

Prevents and counteracts skin damage caused by free radicals, such as UV rays & pollution.

Inhibits Melanin

Inhibits the enzyme responsible for producing melanin to ensure a brighter, even skin tone.

Collagen Boosting

Vit. C is important in the collagen production process, so it's a great boosting ingredient.

Prevents Water Loss

Decreases trans-epidermal water loss, which allows more efficient moisture retention.

Key Ingredient:

Vitamin E

Soothes, Softens,
Hydrates & Protects

Humectant & Emollient

Absorbs water and traps it within, strengthening the skin barrier and maintaining hydration.

Antioxidant

Prevents and counteracts skin damage caused by free radicals, such as UV rays & pollution.

Photoprotection

Absorbs some UVB light from the sun, enhancing the photo-protective benefits of SPF products.

Cellular Regeneration

Helps to bring new skin cells to the surface, speeding up turnover to prevent dullness.

Key Ingredient:

Rice Oil

**Hydrates, Repairs,
Protects & Soothes**

Antioxidant

Delivers skin compatible antioxidants, allowing enhanced protection from oxidative damage.

Anti-Inflammatory

The unique fatty acid composition alleviates inflammation and naturally restores balance.

Boosts Circulation

A range of micronutrients work to create smoother blood vessels for increased circulation.

Repairs & Protects

The natural abundance of antioxidants, vitamins and minerals combine to repair skin from within.

Key Ingredient:

UV Filters

**Protects, Supports
& Treats**

Photoprotection

UV Filters are the best defence against sun damage and premature signs of ageing.

Pigmentation Defence

Prevents and treats hyperpigmentation patches on the skin that are caused by UV exposure.

DNA Protection

UV exposure is a known cause of DNA mutations and cancers. UV filters are the first line of defence.

Improved Immunity

Prevents the depletion of UV-sensitive immune cells, supporting the skin's immune function.
